22.33 Sec. 29. Minnesota Statutes 2008, section 473.411, subdivision 5, is amended to read:

22.34 Subd. 5. **Use of public roadways and appurtenances.** The council may use for the

**S.F. No. 2540, 1st Engrossment - 86th Legislative Session (2009-2010) [s2540-1]**

23.1 any state highway or other public roadway, parkway, or lane, or any bridge or tunnel or  
23.2 other appurtenance of a roadway, without payment of any compensation, provided the  
23.3 use does not interfere unreasonably with the public use or maintenance of the roadway or  
23.4 appurtenance or entail any substantial additional costs for maintenance. The provisions of  
23.5 this subdivision do not apply to the property of any common carrier railroad or common  
23.6 carrier railroads. The consent of the public agency in charge of such state highway or other  
23.7 public highway or roadway or appurtenance is not required; except that if the council seeks  
23.8 to use a designated parkway for regular route service in the city of Minneapolis, it must  
23.9 obtain permission from and is subject to reasonable limitations imposed by a joint board  
23.10 consisting of two representatives from the council, two members of the board of park  
23.11 commissioners, and a fifth member jointly selected by the ~~representatives of the council~~  
23.12 ~~and the park~~ other members of the board. If the use is a designated Minneapolis parkway  
23.13 for regular route service adjacent to the city of Minneapolis, it must obtain permission  
23.14 from and is subject to reasonable limitations imposed by a joint board consisting of two  
23.15 representatives from the council, two members of the board of park commissioners, and a  
23.16 fifth member jointly selected by other members of the board. The joint board must include  
23.17 a nonvoting member appointed by the council of the city in which the parkway is located.

23.18 The board of park commissioners and the council may designate persons to sit on  
23.19 the joint board. In considering a request by the council to use designated parkways for  
23.20 additional routes or trips, the joint board consisting of the council or their designees,  
23.21 the board of park commissioners or their designees, and the fifth member, shall base its  
23.22 decision to grant or deny the request based on the criteria to be established by the joint  
23.23 board. The decision to grant or deny the request must be made within 45 days of the  
23.24 date of the request. The park board must be notified immediately by the council of any  
23.25 temporary route detours. If the park board objects to the temporary route detours within  
23.26 five days of being notified, the joint board must convene and decide whether to grant the  
23.27 request, otherwise the request is deemed granted. If the agency objects to the proposed  
23.28 use or claims reimbursement from the council for additional cost of maintenance, it may  
23.29 commence an action against the council in the district court of the county wherein the  
23.30 highway, roadway, or appurtenance, or major portion thereof, is located. The proceedings  
23.31 in the action must conform to the Rules of Civil Procedure applicable to the district courts.  
23.32 The court shall sit without jury. If the court determines that the use in question interferes  
23.33 unreasonably with the public use or maintenance of the roadway or appurtenance, it shall  
23.34 enjoin the use by the council. If the court determines that the use in question does not  
23.35 interfere unreasonably with the public use or maintenance of the roadway or appurtenance,  
23.36 but that it entails substantial additional maintenance costs, the court shall award judgment

24.1 to the agency for the amount of the additional costs. Otherwise the court shall award  
24.2 judgment to the council. An aggrieved party may appeal from the judgment of the district  
24.3 court in the same manner as is provided for such appeals in other civil actions. The council  
24.4 may also use land within the right-of-way of any state highway or other public roadway  
24.5 for the erection of traffic control devices, other signs, and passenger shelters upon the  
24.6 conditions stated in this subdivision and subject only to the approval of the commissioner  
24.7 of transportation where required by statute, and subject to the express provisions of other  
24.8 applicable statutes and to federal requirements where necessary to qualify for federal aid.

24.11 at the request of a law enforcement officer shall have a lien on the motor vehicle for the  
24.12 value of the storage and towing and the right to retain possession of the motor vehicle  
24.13 until the lien is lawfully discharged. This section does not apply to tows ~~authorized~~  
24.14 ~~in section 169.041, subdivision 4, clause (1) of vehicles parked in violation of snow~~  
24.15 emergency regulations.

24.24 improvement on a right-of-way affected by the interest;

24.25 (3) the affected road was the only means of access to a property;

24.26 (4) the extinguishment took place within the last ten years; and

24.27 (5) a person whose only access to property was lost because of the extinguishment  
24.28 files a petition of a nullification with the town board stating that the person's property  
24.29 became landlocked because of the extinguishment and that the road satisfies all of the  
24.30 requirements of paragraph (a), clauses (1) to (4). A copy of the road order found filed or  
24.31 recorded with the county auditor must be attached to the petition. The town shall file the  
24.32 petition with the county auditor and record it with the county recorder.

24.33 (b) Notwithstanding Minnesota Statutes, sections 164.08, subdivision 1, and  
24.34 541.023, for any nullification under paragraph (a), the affected road is hereby deemed to

25.1 be a cartway. No additional damages or other payments may be required other than those  
25.2 paid at the time the fee interest was originally acquired and the order filed with the county  
25.3 auditor. A cartway created by this paragraph may be converted to a private driveway  
25.4 under Minnesota Statutes, section 164.08, subdivision 2.

25.5 (c) For purposes of this section, "affected road" means the road in which the town  
25.6 board extinguished its interest.

(b) A carrier shall calculate its percentage of Minnesota transportation and its percentage of hazardous material transportation as follows:

(1) A carrier shall determine its percentage of Minnesota transportation by dividing the number of miles it traveled in Minnesota under the international registration plan, pursuant to section 168.187, during the previous year, by the number of miles it traveled in the United States and Canada under the international registration plan during the previous year. If a carrier operated only in Minnesota, it must use 100 percent of the miles traveled as its percentage of Minnesota transportation. If a carrier does not register its vehicles through the international registration plan, it must calculate the number of miles traveled in the manner required under the international registration plan. If a carrier operates more than one fleet under the international registration plan the carrier must add all miles traveled by all vehicles in all fleets to calculate its mileage. (i) for less-than-truckload shipments, it must divide the weight of the carrier's hazardous material and hazardous waste shipments transported during the previous year by the total weight of all shipments transported during the previous year; or

(c) A carrier that transports both truckload and less-than-truckload shipments of hazardous material or hazardous waste must determine its percentage of hazardous material transportation

APPENDIX

Repealed Minnesota Statutes: s2540-1

Subd. 9. **Application data.** The following data submitted to the commissioner under subdivisions 4 and 5 are private data, with respect to data on individuals, and nonpublic data, with respect to data not on individuals: information contained in parts II and III of the uniform application relating to a carrier's customers and service provided to specific customers, financial balance sheet and income statement data, ownership and debt liability data, and information relating to a carrier's parent companies, affiliates, and subsidiaries. For the purpose of administering or enforcing the uniform program, the commissioner may disclose any information classified as private data on individuals or nonpublic data by this subdivision to the United States Department of Transportation, any other participating state or state agency, or to the national repository established under the uniform program.

Subd. 10. **Enforcement.** The commissioner may inspect or examine any motor vehicle or facility operated by a carrier or any facility operated by a person who ships, or offers for shipment, hazardous material or hazardous waste and may require the production of papers, books, records, documents, or other evidentiary material necessary to determine if a carrier or shipper is accurately reporting its hazardous material transportation operations and is otherwise complying with this section and the uniform program. The commissioner also may conduct investigations and audits necessary to determine if a carrier is entitled to a permit or to make suspension or revocation determinations.

Subd. 11. **Administrative penalties.** The commissioner may issue an order requiring violations of this section to be corrected. An order may include the administrative assessment of a monetary penalty up to a maximum of \$10,000 for all violations of this section identified during a single inspection, investigation, or audit. Penalties collected under this section must be deposited in the state treasury and credited to the trunk highway fund.

Subd. 12. **Suspension, revocation, and denial.** (a) The commissioner may suspend or revoke a permit issued under this section or order the suspension of the transportation of hazardous material or hazardous waste in Minnesota by a carrier who has obtained a permit from another participating state under the uniform program if the commissioner determines that a carrier:

(1) committed a violation of Code of Federal Regulations, title 49, parts 100 to 180, 383, 387, or 390 to 397, while engaging in hazardous materials transportation if the violation posed an imminent hazard to the public or the environment;

(2) made a knowing falsification of a material fact in a uniform application;

(3) has received an unsatisfactory safety rating from the state or the United States Department of Transportation; or

(4) has exhibited reckless disregard for the public and the environment.

(b) In determining if a carrier has exhibited reckless disregard for the public and the environment in violation of paragraph (a), clause (4), the commissioner shall consider:

(1) whether the carrier has engaged in a pattern of violations of Code of Federal Regulations, title 49, parts 100 to 180, 383, 387, or 390 to 397, or regulations governing the management of hazardous waste, while engaging in hazardous materials transportation, when the violations are viewed in relation to the number of truck-miles of hazardous material transportation and the number of vehicles in the carrier's fleet;

(2) the actual or potential level of environmental damage resulting from an incident or a violation of the federal regulations described in paragraph (a), clause (1);

(3) the response by the carrier to an incident or a violation of the federal regulations described in paragraph (a), clause (1);

(4) the carrier's history of violations for the past three years;

(5) any mitigating factors; and

(6) other factors as justice requires, if the commissioner specifically identifies the additional factors in the order of suspension or revocation.

(c) The commissioner may not issue a permit to a carrier if the commissioner determines that a carrier's conduct would constitute grounds for suspension or revocation under this subdivision. A carrier who wishes to contest a denial, suspension, or revocation is entitled to a hearing under chapter 14.

Subd. 13. **Base state agreement.** The commissioner may enter into agreements with federal agencies, a national repository, or other participating states as necessary to allow the reciprocal registration and permitting of carriers transporting hazardous material or hazardous waste. The agreements may include procedures for determining a base state, the collection and distribution of registration fees, dispute resolution, the exchange of information for reporting and enforcement purposes, and other provisions necessary to fully implement, administer, and enforce the uniform program.
